

a parkie blues for Alison

tell the engineer
he gotta stop this train
right now
i wanna get off
i'll find some shade
wait there
for some other ride
to come along
take me home
i said stop stop
right now this ride
has gone on far too long
I gotta get off
gimme a beer
a sandwich or two
i'll climb on off of this train
lay me down by some tree
wait
for something better
to come along
a smooooooooother ride
stop i said
stop this train
i wanna get off
